

2023 ANNUAL REPORT

MAIN STREET
MEDINA

MEDINA:
"OHIO'S PREMIER
SMALL-TOWN
DESTINATION!"

A Letter from the Executive Director

2023 was a year of transition and assessment. We took a look at how Main Street Medina could become more balanced in our approach to committees and work plans; operate events more effectively; better engage with our members; add value to our community partners; and attract new visitors.

George Sam, Executive Director

As a result, we invested more resources into visitor promotions and marketing; membership building and incentives; public space planning (particularly in South Town and holiday lighting designs); volunteer and committee engagement; diversified funding through grants, fundraising, etc.; and enhanced events activities.

For 2024, we will focus more on attracting visitors using new marketing tools; providing resources to small businesses (data collection/reporting, rehab grants/loans, collective services, etc.); developing public spaces in South Town; and building even stronger relationships.

Angela Mansier
Events Director

In 2023, Angela Mansier, Events Director, targeted sponsor businesses to best fit our events; provided resources to benefit the food insecure at our 21 farmers markets; managed 35 events (introduced Fall Fest); and recruited new volunteers.

For 2024, Angela plans to secure most event sponsors and vendors by 2nd Quarter; grow a more diverse volunteer base to fill our needs; sell merchandise that visitors want; and benefit small business through cross promotions.

MAIN STREET MEDINA

Mission

To lead the effort for historic preservation, economic sustainability and continued evolution of the District as the heart of the community.

Vision

“Be Ohio’s premier small-town destination.”

Strategy

The Board of Directors, committee chairs, and staff developed a multi-year strategic plan for Main Street Medina. In 2023, we adopted “Balance” as our Transformation Strategy.

Our overarching goals include these focus areas

- 1. Diversify Sources of Funding:** Grow revenue from a variety of new and existing sources to enable greater re-investment and impact in our community.
- 2. Raise Awareness for Main Street Medina; Position the Historic District and South Town as a Destination:** Broaden community awareness of Main Street Medina’s mission and impact locally while simultaneously attracting visitors from outside of Medina County to spend time in the District.
- 3. Connect & Engage Beyond our Boundaries; Be Inclusive of Diverse Audiences:** Foster key relationships and drive collaboration with non-traditional Main Street Medina constituents to ensure diversity of thought is embedded in all organizational activities.
- 4. Develop Advocacy Voice to Advance Business Vitality, Historic Preservation & Community Spirit:** Become recognized as a leading voice and contributor to positive change and historical preservation in and around the District.

About the Main Street Program

Organized in 2007, Main Street Medina, Inc. (MSM) is a 501(c)(3) non-profit organization and nationally certified Main Street Program. Heritage Ohio oversees the Ohio programs and provides resources and support. The National Main Street Approach is the guide that communities across the country use for its proven record of success.

Our "Footprint"

Main Street Medina concentrates our work and vision on the nine-block Medina Square Historic District, and the three-block South Town District, but reaches beyond our borders to include other strategic assets. Each month, we report on business activity, property development, public improvements, events and promotions, and volunteerism to determine the economic impact and annual return on investment to the community.

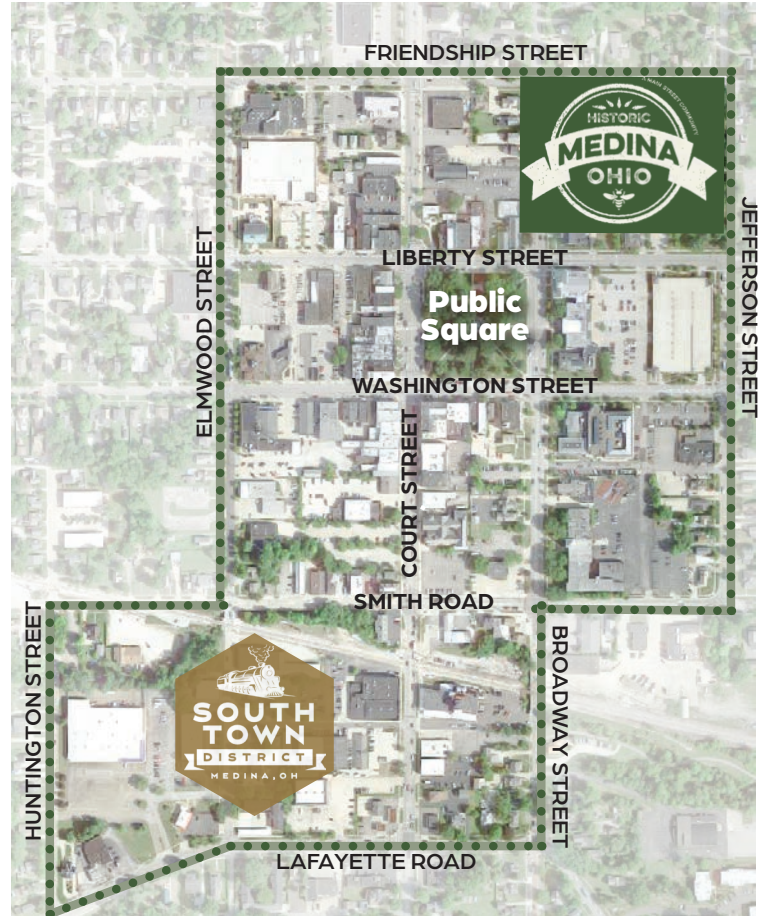

What is an Historic District?

Medina's Public Square was placed on the National Register of Historic Places in 1975. From its early days as a New England-style town featuring a central greenspace to today's vibrant hub for business, entertainment, distinctive shops and fine dining, Medina's Historic District has long been a visitor destination.

What is South Town?

The South Town District dates back more than 150 years when the Industrial Age sparked construction of the railroad to serve emerging grain mills, lumber and coal yards, and manufacturing sector. These were eventually replaced by the booming automotive industry in the 1950s. Today, South Town is reimagining its identity to be more visitor-friendly, with a unique blend of retail, restaurants, and services, while still honoring its industrial roots. The vision is to enhance the "visitor experience" by attracting artists, entertainment, and "nightlife" beyond what the Public Square and Historic District offers.
